JOHN PRUDS B. COLOT

STUDENT

Casisang, Malaybalay City, Bukidnon | colotjohn66@gmail.com

SUMMARY

Fourth-year BS Information Technology student at Bukidnon State University and Consistent Dean's Lister with a foundation in cybersecurity, network infrastructure, and systems architecture. Hands-on experience in network configuration, system development, and technical documentation, supported by Cisco and Google cybersecurity training. Seeking an entry-level SOC Analyst or cybersecurity internship opportunity to apply analytical, networking, and problem-solving skills in a security-focused environment.

EDUCATION

Bukidnon State University **Aug 2023 - Present**
Bachelor of Science in Information Technology

TECHNICAL SKILLS

Networking: TCP/IP, IPv4/IPv6, VLSM, VLANs, Inter-VLAN Routing, STP, EtherChannel, DHCP
Cybersecurity: Network Security Fundamentals, Security Monitoring, Access Control, Network Troubleshooting, Digital Evidence
Tools & Systems: Cisco Packet Tracer, Wireshark, tcpdump, Kali Linux, Ubuntu, Windows
Programming & Web: JavaScript, PHP, HTML/CSS, MySQL, MERN Stack
Documentation: Network Documentation, Technical Documentation, System and Network Diagrams

CORE SKILLS

Analytical Thinking, Problem Solving, Attention to Detail, Communication, Team Collaboration, Leadership, Adaptability

CERTIFICATIONS & TRAINING

CCNA 1 — Completed
CCNA 2 — Completed
CCNA 3 — In Progress
Google Cybersecurity Professional Certificate — In Progress
Google Network Security Specialization — In Progress

PROJECTS

Enterprise Network Design | Cisco Packet Tracer

- Designed and documented an enterprise network using VLANs, VLSM, inter-VLAN routing, STP, EtherChannel, DHCP, and SSH.
- Configured network segmentation and routing while applying security-oriented network infrastructure practices.
- Produced technical network documentation, addressing tables, and verification evidence.

Digital Evidence Verification System | Blockchain

- Developed a system concept for verifying digital evidence integrity using blockchain-related technologies.
- Applied concepts involving Polygon, IPFS, and Zero-Knowledge Proofs.

LEADERSHIP & EXPERIENCE

Computer Society — Bukidnon State University Chapter **SY 2024–2025**
President

- Led organizational activities, coordinated student initiatives, and facilitated collaboration among officers, members, and faculty stakeholders.
- Participated in planning and implementing academic, technical, and student engagement programs.
